Club Match 2 May 2026

Schedule:

07h15 Registration opens

07h30 Zero and DOPE check

08h00 Stage briefing and final squadding

08h30 Match starts

General Safety Rules

- Shooters that do not attend registration & safety briefing will not be allowed to shoot.
- ECI - Empty Chamber Indicators are mandatory for the match This requirement will be mandatory even when your rifle is in a bag next to the firing line.
- The match will be a cold range, meaning your handgun may not be on you whilst participating.
- Rifles to be staged next to firing line when not shooting, pointing down range with no magazine inserted and chamber flag in. Rifles to be staged to the left of stage and moved to the right of the stage after you have shot the stage.
- Do not handle your rifle unless the previous shooter has cleared the stage, and you are up next. Do not "SWEEP" anyone with a muzzle.
- Rifles may only be loaded on the firing line when it is your turn to shoot.
- Do not close the bolt unless you are on target and ready to shoot, this is called *skyloading*. You will receive a warning for the first offence on a stage, second offence will lead to a stage DQ
- When transitioning between positions, make sure your bolt is open and all the way back.
- All shooters are required to wear ear protection, eye protection is recommended.

- **ACCIDENTAL / NEGLEGENT DISCHARGE – SHOULD THE SHOT BE IN THE SAFE DIRECTION OF THE TARGETS, A STAGE DQ WILL BE IMPLEMENTED WITH A FINAL WARNING WHEREBY IF IT HAPPENS AGAIN A MATCH DQ WILL APPLY. IF THE SHOT IS IN THE AIR, OR IN BREACH OF THE SAFETY DIRECTION TOWARDS OTHER SHOOTERS OR OVER THE BACKSTOP A MATCH DQ WILL APPLY.**

Please Note:

- **All shooters are Safety Officers, the more eye we use to keep each other safe the better. If you see a shooter break any rule, for example transitioning without an open bolt. You must say something to ensure safety for all.**
- **If you are the next shooter in the sequence, please be ready to go by the time your name gets called up. Do not load your rifle yet.**
- **Please assist with spotting impacts and misses as this will assist scorers and ensure a fair match.**
- **Please help fellow shooters collect their brass after they unload their rifle, this speeds up the day.**
- **Keep the range clean, plastic wrappers and bottles go back in your backpack. Let us leave no trace please.**

Match layout:

- **Starting position will be loaded rifle in port arms awaiting the starting signal.**
- **All stages to be timed at 105 seconds**
- **Stage 5 timed will be the timed stage.**
- **Should you shoot out of sequence the shots will be scored as a miss, you must return to the correct shot from the correct position at the correct target to get back into sequence as stipulated in the COF Booklet.**
